

FROM FELINE HEALTH RESEARCH TO HEALTHY FELINES

Winn's Greatest Hits, Past and Future

Presented by: Glenn Olah, DVM, PhD, DABVP (Feline Practice)
Drew Weigner, DVM

Winn Feline Foundation's current President and President Elect will present an overview of the most significant breakthroughs funded by Winn over the last 50 years, and what's ahead for the next half century

Preventive Care: a focus on Kidney Health...the time is Meow

Presented by: Kari Mundschenk, DVM, DABVP (Feline Practice)

Routine preventive care visits offer the best chance to detect and prevent disease as early as possible. During this presentation, we'll discuss the importance of annual wellness screening and how the IDEXX SDMA test is an essential component to determine kidney health.

COME CELEBRATE THE PAST AND FUTURE!!

Join Winn and our sponsor IDEXX in celebrating all that has been accomplished in the past and what the future holds for all cats over appetizers and drinks at a reception immediately following the Symposium.

Thank you to IDEXX for making the Symposium and Reception possible.

RACE CREDIT: This program has been submitted (but not yet approved) for 1 hour of continuing education credit in jurisdictions which recognize AASVB RACE approval; however participants should be aware that some boards have limitations on the number of hours accepted in certain categories and/or restrictions on certain methods of delivery of continuing education.
